“The homeowner wanted to integrate elements from the nineteenth-century Eagle Rock hotel that once stood on the property into the new residence we built for them. This entrance features original interior pocket doors from the inn, and the sculpture helps to bridge some of those strong architectural details with the fluid organic landscape.”

—Shawn Douston, Douston Construction

ART: Dick Alden, *Reflections*, marble, 68" x 10" x 8"

ARCHITECT: Brian J. Beaudette Architect

INTERIOR DESIGNER: Hurlbutt Designs

LANDSCAPE DESIGNER: Ted Carter Inspired Landscapes
